REPORT ON REVIEW OF CONDENSED INTERIM CONSOLIDATED FINANCIAL INFORMATION

To the Board of Directors of Birzeit Pharmaceutical Company and its subsidiaries Public Shareholding Company Ramallah - Palestine

Introduction

We have reviewed the accompanying condensed interim consolidated statement of financial position of **Birzeit Pharmaceutical Company** (the "Company") **and its subsidiaries** (together referred as the "Group"), as of June 30, 2023, and the related condensed interim consolidated statements of profit or loss, other comprehensive income, for three and six-months period ended on June 30, 2023, and statement of changes in equity and cash flows for the six-months period ended on June 30, 2023 and other explanatory notes. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard 34: Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information is not prepared, in all material respects in accordance with IAS 34.

Other Matters

Prior year consolidated financial statements for the year ended December 31, 2022 were audited by another audit firm who issued their unqualified audit opinion dated March 26, 2023. Also, the condensed interim consolidated financial statements for the six months period ended June 30, 2022 were reviewed by another audit firm who issued their unmodified conclusion dated August 10, 2022.

The Company's capital as of June 30, 2023 is USD 38,764,898 divided into 38,764,898 shares at par value of USD 1 per share.

The condensed interim consolidated financial statements for the six-months period ended June 30, 2023, were approved by the Board of Directors and authorized for issue on August 10, 2023.

2. Summary of Significant Accounting Policies

The accounting policies used in preparing the accompanying condensed interim consolidated financial statements are identical to those used in preparing the financial statements for the year ended December 31, 2022, with the exception of standards and amendments that became effective from January 1, 2023.

2.1 New and revised IFRS applied with no material effect on the condensed interim consolidated interim financial statements.

The following new and revised IFRSs, which became effective for annual periods beginning on or after January 1, 2023, have been adopted in these condensed interim consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- Amendments to IAS 8 Accounting policies, Changes in accounting estimates and errors.
- Amendments to IAS 1 Presentation of Financial Statements relating to classification of Liabilities as Current or Non-Current; and
- IFRS 17 Insurance contracts.

2.2 New and revised IFRSs in issue but not yet effective

The Group has not early adopted the following new and revised standards that have been issued but are not yet effective. The management is in the process of assessing the impact of the new requirements.

	Effective for annual periods
New and revised IFRS	beginning on or after
Amendment to IFRS 10 - Consolidated Financial	Effective date deferred
Statements and IAS 28 - Investments in Associates and	indefinitely.
Joint Ventures relating to treatment of sale or	
contribution of assets from investors.	
Amendment to IFRS 16 – Lease contracts	January 1, 2024
Amendment to IAS 1 – Noncurrent liabilities.	January 1, 2024

The Group anticipates that these new standards, interpretations, and amendments will be adopted in the Group's condensed interim consolidated financial statements as and when they are applicable and adoption of these new standards, interpretations and amendments may have no material impact on the condensed interim consolidated financial statements of the Group in the period of initial application.

Notes to the condensed interim consolidated financial information For the six months period ended June 30, 2023

2. Summary of significant accounting policies (Continued)

The condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and in accordance with applicable local laws and regulations.

The condensed interim consolidated financial statements have been prepared on the historical cost. except for property investments and financial assets that were measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

This condensed interim consolidated financial information does not include all the information required for a complete set of IFRS consolidated financial statements and should be read in conjunction with the Group's audited consolidated financial statements for the year ended 31 December 2022. In addition, results for the period are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2023.

Expenses incurred by the Group irregularly during the financial year are either assessed or deferred in the condensed financial statements if it is appropriate to do so.

The group did not deduct the statutory reserve according to Companies Law from the profits of the current period, as these statements are interim, and the deductions are made at the end of the financial year.

The US dollar is the functional currency for the parent company and is the group's financial statement presentation currency.

Basis for Consolidation

The condensed interim consolidated financial statements of the group incorporate the financial statements of Birzeit Pharmaceutical Company (Public Shareholding Company), and the financial statements of its subsidiaries, in which the company has right of control, (Palestine Printing and Publishing Company - Private Shareholding Company, Medix for Medical Supplies - Private Shareholding Company, and PetraPharm Company - Private Shareholding Company).

Control is achieved when the group:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- · Has the ability to use its power to affect its returns.

The group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the six elements of control listed above.

When the group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

Notes to the condensed interim consolidated financial information For the six months period ended June 30, 2023

2. Summary of Significant Accounting Policies (Continued)

Basis for Consolidation (Continued)

The group considers all relevant facts and circumstances in assessing whether or not the group's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- · Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of income and other comprehensive income from the date the group gains control until the date when the group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the group are eliminated in full consolidation.

The following are the details of the subsidiaries as of June 30, 2023:

Company name	Main activity	Capital (USD)	Country	Owne June 30, 2023	ership % December 31, 2022
Medix for Medical Supplies	Trade in medical and cosmetics products	565,000	Palestine	100%	100%

Notes to the condensed interim consolidated financial information For the six months period ended June 30, 2023

3. Financial Risk Management

The Group's financial risk management objectives and policies are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended December 31, 2022.

4. Critical Accounting Judgments and Key Sources of Estimation of Uncertainty

The preparation of condensed interim consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed interim consolidated financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended December 31, 2022.

15. Fair Value Measurements

The fair value of financial assets and liabilities is determined as follows:

- The fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices.
- The fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes for similar instrument.

Fair value of financial assets that are measured at fair value on a recurring basis:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements that are derived from inputs other than quoted prices included in Level 1 that are observable for the assets or liabilities either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets or liabilities that are not based on observable market data (unobserved inputs).

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable:

	Fair valu	ue as of				
	June 30 2023 USD	December 31 2022 USD	Fair value Level	valuation method and inputs used		Relationship between intangible inputs and fair value
Financial Investments through OCI
